

Who are the Quakers?

Quakerism is a way of life rooted in a transforming experience of the Divine. From this we seek to live out our principles of truth, peace, simplicity and equality, recognising that of God in everyone. Our meetings offer a place of welcome, encounter and spiritual exploration.

What do Quakers say?

- There is something sacred in all people.
- All people are equal before God.
- Religion is about the whole of life.
- In stillness we find a deeper sense of God's presence.
- True religion leads to respect for the earth and all life upon it.
- Each person is unique, precious, a child of God

Journeys in the Spirit

Settling down

We sit quietly in a circle and take turns to introduce ourselves

Reflections

We talk about how we have spent our time together

Joining Meeting for Worship

We join Meeting for Worship towards the end so that our whole community can be together

We use activities, crafts or stories to explore themes such as

- peace, equality, simplicity and truth.
- How we wait patiently for the still quiet voice within.
- How we care for ourselves, each other and the world.

Sharing what we have learned

At the end of Meeting for Worship, the children always share. This might include showing what we have made in Children's Meeting or giving gifts we have made.
